**Alliance Construction's United Way Project Receives LEED Silver Certification
Reception and Award Celebration Scheduled February 4**

Sister Mary Alice Murphy Center for Hope in Fort Collins has been awarded the LEED® Silver Certification from the U.S. Green Building Council. Alliance Construction Solutions built the center in conjunction with Architecture West LLC.

"We are pleased the Sister Alice Murphy Center for Hope received LEED Silver certification," said Alliance President and Chief Executive Officer Bill Joyner. He added, "The center provides critical services to people in our community. The LEED award is additional recognition for the building and all the good work performed in that facility."

The center is a hub for assistance to homeless people and those on the brink of homelessness. Services include financial counseling, employment and housing resources in addition to mental health and addictions counseling.

A reception and LEED award recognition for Sister Alice Murphy Center for Hope will be 5 to 6 pm Thursday, February 4, 2010. The center is at 242 Conifer Street, Fort Collins.

Alliance Construction Solutions is a full-service general contractor with offices in Loveland, Denver, and Cheyenne.
